REPORT OF SCHOOL NURSE

WESTMORELAND

I wish to extend my thanks to the parents, teachers, citizens, and pupils for their interest in the school health program. It has made my first year a most gratifying experience.

I hope each year to include in our school health program any new procedures that will help improve your community.

The following is my report for the year ending June 30, 1953:

92 pupils were inspected.

83 pupils were in need of dental care.

9 pupils were under dental care.

92 pupils had vision and hearing tests.

1 pupil had a hearing defect.

5 pupils had eye examinations and defects corrected.

19 pupils were advised to have throat and nose examinations by the family physician.

ELLEN L. McAFEE, R. N.

School Nurse.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Westmoreland:

I herewith submit my annual report as superintendent of your schools.

Three teachers returned to our system this year. Mrs. Carrie Paine was replaced at the Village School by Mrs. Dorothy Wilson, a former teacher in Walpole and Langdon. Mrs. Wilson resigned in December and Mr. William Fahey III, a recent graduate of Keene Teachers College, took over the duties at the Village School on January 4, 1954.

Achievement tests were given all the grades this past spring and general ability tests were given this fall. Comparison of the results of these tests are being used to evaluate the success of the pupils, aid in guidance and help improve the educational program.

Test results, pupil grades and other information that will aid in counseling pupils are now kept on a new permanent record form that contains much more helpful information. In addition, each pupil has an individual folder containing information that cannot be condensed on a permanent record form.

There are fewer children enrolled in the district's schools this year, however, this condition can change quickly. The first grade is expected to be one-third larger next year.

Rearrangement of teaching assignments and pupil assignments to schools will allow for improvement in our educational program. This can be accomplished if it is possible to change transportation routes. An improvement was made this year by adding one bus route which allowed children to leave home later in the morning and return earlier in the afternoon.

Increased enrollment in the Walpole School System may result in Walpole's being unable to accept eighth grade pupils as tuition pupils from Westmoreland. When this occurs, a decision will have to be made in regard to providing facilities in Westmoreland or sending these pupils elsewhere as tuition pupils.

Last year there was considerable discussion of a centralized school for the district if and when the eighth grade could no longer go to Walpole. This may be the solution, or there may be another solution that would be to the best interests of the youth and citizens of the town of Westmoreland.

It is not a problem that is easily solved. It should be studied on a continuing basis so that possible solutions may be thoroughly investigated in order that the best interests of the district may be served, and that a decision does not have to be made on the basis of incomplete information.

ENROLLMENT, JANUARY 4, 1954

Grade	1	2	3	4	5	6	7	Totals

I wish to thank the parent teachers organization and the home demonstration group for their help in adding to and maintaining the playground equipment. The committee and personnel responsible for the maintenance of the hot lunch program are to be congratulated on their contribution to the welfare of the pupils.

Respectfully submitted,
 ELLIOT W. KEACH,
 Superintendent of Schools.
